PROJECT

Online Fruit & Vegetable Market Web Application | MERN Stack

Built a full-stack Online Fruit & Vegetable Market using the MERN Stack with customer and admin panels. Implemented user authentication, product management, category filtering, product details, shopping cart, order management, Razorpay payment integration, and profile management. Developed REST APIs and a responsive user interface using React, Next.js, Node.js, Express.js, MongoDB, Mongoose, Axios, and CSS to provide a smooth online grocery shopping experience.
